Re: **Notice of Completion  
Advanced Fuel Filtration Systems Superfund Removal Site  
Corona, California**

Dear Mr. Bennett:

By this letter the United States Environmental Protection Agency ("EPA") provides notice to you that the work set forth in the Work Plan pursuant to Unilateral Administrative Order 9-2005-006 (the "UAO") is completed to the satisfaction of EPA. This letter is written notice to you as anticipated in Section XXIII of the UAO. Please note that continuing obligations exist under the UAO, such as the record preservation requirements stated in Section XVII. Additionally, if unknown or future conditions create an actual or threatened endangerment to human health or the environment, EPA may order the performance of additional work.

If you have any questions or concerns regarding this letter or your continuing obligations under the UAO, please do not hesitate to call me. You may direct questions of legal nature to Andrew Helmlinger, attorney advisor, at (415) 972-3904.

Sincerely,

A handwritten signature in black ink, appearing to read "Janet Yocum", is written over a horizontal line.
